## Scandal In Dover High

(By Associated Press)  
DOVER, May 26—Three Seniors at Dover High school were summoned to appear tonight before the school board to answer accusations of "open drunkenness" at their annual Senior picnic last week.

Their reported behavior, board members announced, topped the list of reasons why the picnic—a 23-year tradition—has been abolished. If the boys appear with apologies, they will be permitted to appear with their classmates at graduation exercises next Thursday, the an-

nouncement continued. Otherwise, they will receive their diplomas privately, it added, and will be barred from the commencement.

**Supt. Urges Action**  
The board's cancellation of the affair was made on the recommendation of acting Superintendent D. C. Lemmon at an emergency session Saturday.

Shortly after the board vote, some members of the Senior class supported the three boys, saying they had been unfairly singled out. A petition started the rounds threatening

## SENATE NEARS SHOWDOWN ON TAX CUT MOVE

Senator Barkley Gives Nod To Deferring Bill Until June 10

BY D. HAROLD OLIVER  
WASHINGTON, May 26.—Senator Barkley (D-Ky.), supporting a motion to defer action on tax cutting until June 10, declared today that "no tax reduction can be sought that is based upon political expediency."

With a close vote due at 4 p. m. (3 p. m. EST) on the postponement move by Senator George (D-Ga.), Democratic Leader Barkley told his colleagues that no one believes congress will cut President Truman's \$37,500,000,000 budget for 1948 by even the \$4,500,000,000 pledged by the senate, much less the \$6,000,000,000 voted by the house.

"Certainly," Barkley asserted in a prepared address, "we do not now have anything approaching a clear indication of the total appropriations which will be enacted by this session of congress and to that extent we will be talking up a blind alley."

**No Sentimental Objection**  
Barkley said the Democrats do not seek postponement of the bill because of "sentimental objection to tax reduction."

"We recognize the necessity," he added, "of appropriate, well considered, tax reductions at an appropriate time. We emphatically assume the position that existing wartime taxes cannot be continued permanently, for a very long period in the future. But we believe that no tax reduction can be sought that is based upon political expediency."

He said millions of holders of government bonds are entitled to feel a "supreme confidence" in the solvency of their government and if they ever lose faith there will be a "real depression" with a "disastrous repercussion around the world."

"Let us, therefore," he continued, "approach this vital and important subject with caution and in the light of the facts. Let us see a little further into the future before we commit ourselves to a policy which we may not be able to reverse, even though a necessity for a reversal should arise."

Barkley said he would not only support the deferment motion but a substitute by Senator Lucas (D-Ill.) to make cuts effective next January 1 instead of this July 1 as provided in the senate committee bill. The government's fiscal year begins July 1.

**Ford Seeks Answers To Foremen Strike**

DETROIT, May 26.—Henry Ford II, president of the Ford Motor Co., today appealed to the company's 3,800 striking foremen for "better understanding" in a letter telling them "what I think" about the situation "in which we now find ourselves."

The statement, issued as an open letter, declared Ford felt the strike was not justified by circumstances. However, he added:

"We agree there is much to be done in clarifying the status of our foremen—particularly in the direction of making them a more effective part of management."

## Guaranteed Wages May Be Unions' Next Strong Point

By JAMES MARLOW  
WASHINGTON, May 26.—Unions some day may put up a strong fight for guaranteed wage plans.

They're not doing it now. But there's no great pressure now employment is high and seems likely to continue so for some time a guaranteed wage plan means:

An employer guarantees wages or employment to his workers for a certain number of months within a year, or for a full year.

So far, and after a great many years of experimenting, the idea of guaranteed wage plans has caught on less rapidly than wildfire.

**Study Started In '45**  
Back in 1945 President Roosevelt started, and President Truman continued, a study of guaranteed wage plans.

The job was done by experts, including economists. And it had the help of the government's Labor department.

The Labor department polled 90,000 business firms to see whether they had such plans.

The general study, including the Labor department's findings, was completed earlier this year.

This week, in its information bulletin, the department bolts down its findings and tells this simple story: Only 61,000 workers are covered by guaranteed wage plans. There

## Stick To 'Hoyle' Is 'Samaritan's' Confused Plea

CLEVELAND, May 26.—Two young men, who were befriended by a "Good Samaritan," failed to play the game of life "according to Hoyle," says William U. Hayle, 56, of Sharon, Pa.

Hoyle told police he left his downtown hotel room early yesterday to buy a paper and was approached by a 20-year-old youth, who said he was "broke, hungry and out of work."

The Pennsylvania bought the youth a meal, gave him a \$1.50 for a hotel room and told him to come to Hoyle's room if he needed more money.

A half-hour later, the youth appeared at Hoyle's door with another man and said: "he needs help, too."

After the Pennsylvania divided his pillows and blankets with his "guests," he told police, he felt a "hard object in my back," was tied up and robbed of his watch and \$7. However, the robbers were nabbed by a suspicious house detective as they left the hotel. Returning to Pennsylvania, Hoyle declared: "I'll be back some time when the excitement from this trip wears off a little—in about 15 years."

## REV. EVANS WARNS OF UNFINISHED JOB

Talks To Salem Units In Memorial Service At Church Sunday

"We have to face those dead with what we are doing to stop this damnable business of war," Rev. C. F. Evans, pastor of the Christian church, told members of allied patriotic orders when they were guests at the Sunday morning service at his church.

His theme was, "Memories and the Unfinished Task."

For many years it has been the custom of patriotic organizations to attend church in a body the Sunday preceding Memorial day.

**Don't Overlook Task**  
"A successful observance of Memorial day includes more than remembering," Rev. Evans pointed out. "In our remembering we must not overlook the task ahead."

"To stand for something high and worthy in any age is dangerous—there was nothing easy about what our boys did to win the war," he said.

"What can we do? We must recover a vital sense of the presence and will of God. God had a very important place in the plans and policies of our founding fathers. Our trouble today is that many are slipping back into the old illusions. They think war inevitable. "Peace on earth can be secured as we achieved it in smaller units."

Special music was provided by the junior and senior choirs, directed by Mrs. E. C. Hammel, Jr., and a quartet including Mrs. Hammel, Mrs. O. A. Davis, Ray Townsend and Albert Hanna.

## CIO WILL ATTEMPT TELEPHONE UNION

(By Associated Press)  
WASHINGTON, May 26.—The CIO today set up a committee to open a full fledged drive to enroll telephone workers and establish a new industrial union in the telephone industry.

CIO President Philip Murray directed Allan S. Haywood, chairman of the committee, to call a two-day conference May 31 to set up machinery for the proposed new organization. He added in statement that "opportunity for affiliation" will be extended to other telephone workers who do not take part in the meeting.

The 20,000 members of the American Union of Telephone Workers are voting in referendum this week on a unanimous decision of their executive board to bolt the National Federation of Telephone Workers and join with the CIO. The NPTW, an independent, directed the recent telephone strike.

Murray disclosed that he and Haywood had conferred with "officers of a number of telephone workers' unions" in Atlantic City Sunday. "All in attendance expressed a desire for affiliation with the CIO," the chief said.

Murray reported that the officials at the meeting represented more than 100,000 telephone workers. The NPTW three months ago had 49 affiliated unions with a total membership exceeding 325,000.

## EAGLES ROBBED AGAIN IN LISBON

Thieves Break Into Lodge Building For Second Time In Two Years

LISBON, May 26.—The Fraternal Order of Eagles lodge on E. Chestnut st. was broken into and a safe chiseled open early Sunday morning, resulting in a loss of between \$500 and \$700, police reported today.

Lodge Secretary Felix Butch was unable to specify the exact amount of the robbery until books are checked.

The lodge safe was broken open and robbed of \$12,000 in war bonds and \$1200 in cash in December, 1945. The latest robbery was carried out in a similar manner, leading authorities to believe the same parties performed both crimes.

The robbers gained entrance by cutting a screen from a window and forcing the sash. The safe was tipped over and the bottom cut open. Several tools were left behind.

## WOULD TIGHTEN DISTRIBUTION OF ALL SUPPLIES

Asks Session In Europe In July To Plan For Years Ahead

By OVID A. MARTIN  
WASHINGTON, May 26.—Secretary of Agriculture Anderson today recommended a World conference be held in Europe, July to tighten up food management in countries likely to have another year of shortages.

At the same time, D. A. Fitzgerald, secretary-general of the International Emergency Food Council, said the United States must rush to Europe this summer "maximum" amounts of food to prevent widespread violence and rioting.

Anderson made his suggestion in a letter to Fitzgerald as the council met here today to review the world situation and make plans for meeting needs of areas deficient in food until next year's harvest.

**Makes Proposals**  
Anderson said the proposed conference should do two things:

(1) Explain the "urgent necessity" for conserving supplies produced in importing countries so as to make them last longer.

(2) Discuss food management programs for shortage areas with special emphasis upon ways of securing maximum collection of grains from farmers in those areas.

In submitting a report on the world situation, Fitzgerald urged the conference to act immediately upon the Anderson proposal.

Of more than 550,000,000 bushels of grain which this country will export during the 12-month period ending June 30, about 120,000,000 bushels will be corn.

"The United States will of course make available every bushel of grain it possibly can spare and transport," Anderson said, "but this will not resolve the difficulties which appear to be facing the deficit grain supply countries."

"It is apparent," he said, "that unless every precaution is taken to insure against dissipation of indigenous produced food supplies from the coming harvest, the world may be confronted a year from now with a food problem more difficult than at present."

Fitzgerald said the food shortage abroad between now and fall harvest will be at least as critical as last year, when emergency action was taken to provide relief.

**Stocks Lower In Shortage Areas**  
He added is a report to the council that stocks in shortage areas are considerably lower than they were a year ago and "the cumulative effect of these food shortages is becoming more and more serious, nutritionally, economically and psychologically."

"People are protesting more and more about the continued shortages. In some instances, the protests have reached the stage of violence and rioting."

The big need until harvest time is for cereals, Fitzgerald told the council. To meet this need, he said, the United States and Canada would have to ship 5,000,000 tons (about 180,000,000 bushels) during the July-September period. He described this as the maximum that can be expected from these countries in view of their own small reserves.

Such cereal would have to be supplied largely from this year's crop, which in the case of wheat will start moving to market late next month.

Argentina, Fitzgerald said, would have to furnish 2,000,000 tons, substantially more than that country has been supplying.

The council is an inter-governmental agency charged with dividing scarce food among importing countries. It met to review the world food situation and to make plans for the year ahead.

**Reports Truck Theft In Lisbon Area Saturday**  
LISBON, May 26.—Byron Mumaw of the Lisbon-Columbiana road, reported the theft of his 1936 Ford pickup truck Saturday afternoon, while it was parked by the road where he was plowing.

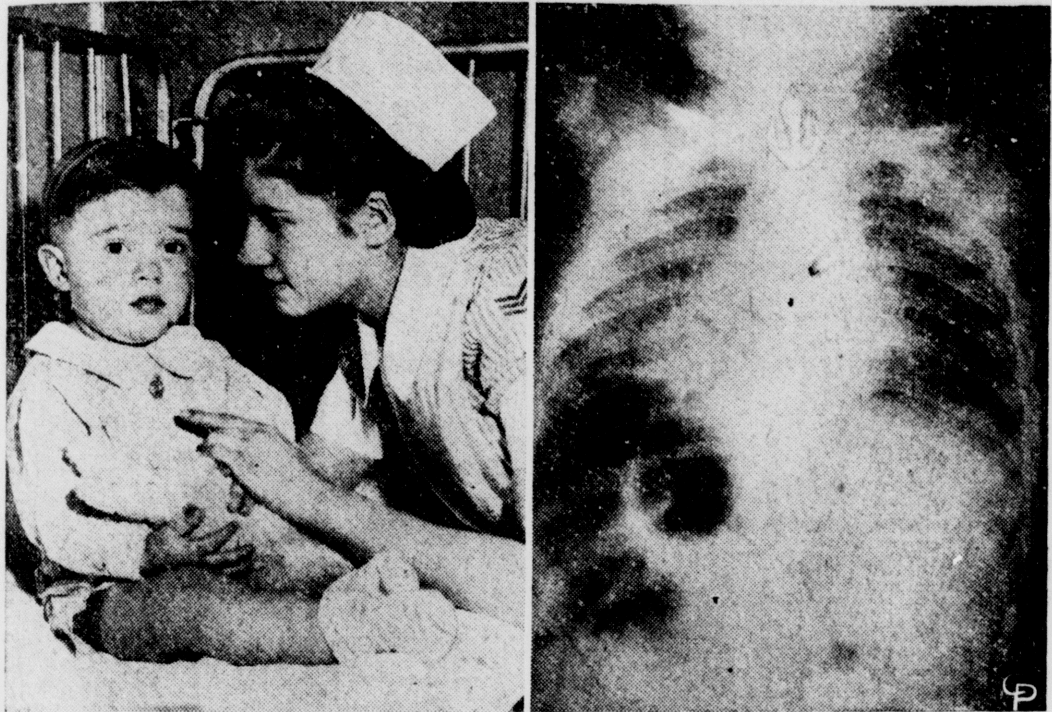

The thief left behind another car, reported stolen in Youngstown. Mumaw was unable to tell the sheriff's deputies his license number. His registration papers were in the truck, he said.

## Hold Three Negro Men In North Carolina From Mobs

(By Associated Press)  
RALEIGH, N. C., May 26.—Three young Negro men are being held in penitentiaries in the Carolinas today on charges of attacks on white women.

On of them outran almost certain death at the hands of a white mob and then hid without food for 48 hours in a pine thicket in Northeast North Carolina before surrendering to the protective custody of the FBI.

Billie Simmons, 24, was locked in Central prison at Raleigh early this morning for safekeeping after his arrest in Clinton, 50 miles southeast of Raleigh, on a charge of rape in connection with an assault upon a white woman.

**Rushed To Penitentiary**  
This came only a few hours after still another Negro, Willie Pooler, 20, charged with raping an elderly white woman at Darlington, S. C., was rushed into safekeeping to the South Carolina penitentiary at Columbia.

Only last Wednesday a jury in Greenville, S. C., had acquitted 28 white men of murder charges for the lynching of Negro Willie Earle, who was taken at gunpoint from a jail at Pickens where he had been held in connection with the fatal stabbing of a taxi driver.

In the predawn hours of last Friday morning an armed, masked band of white men seized Negro Godwin "Buddy" Bush, 24, from the Northampton county jail in Jackson where he was being held on charges of attempting to rape a young married white woman.

They carried him to one of four waiting automobiles. Bush gambled, wrenched himself free, and fled into the protective darkness.

A mob member fired one shot and missed.

Late yesterday after some 75 law enforcement officers had spent two days combing the woods for Bush—or his body, since no one was certain he had escaped—a Negro preacher called Solicitor Ernest R. Tyler.

Bush was ready to surrender, the preacher said, if Tyler would guarantee he would not be harmed.

**Gave Up To FBI**  
Tyler and two FBI agents went to an appointed place and found the Negro. They brought him here to the prison last night.

The solicitor would permit no interviews and gave out only the bare facts of the surrender. However, it was learned here that Bush had remained in the woods until early yesterday, finally going to the home of a friend after being without food since his escape.

Bush was charged with attempting to rape Mrs. Margaret Allen Bryant, a young stenographer, last Thursday night in Rich Square, a small community in Northampton county 12 miles from Jackson, the county seat.

Bush will remain at Central prison under the attempted rape charge. In North Carolina attempted rape is a felony which may be punished by imprisonment ranging from four months to 30 years.

**BRITISH LABOR ASKS FOR DRAFT**  
By TOM WILLIAMS  
MARGATE, Eng., May 26.—The Labor party voted by a ratio of 2,332 to 571 today in favor of peace-time conscription to back up the nation's foreign policy.

The vote opposition within the party to Secretary Ernest Bevin's stands. It repulsed "rebel" elements who have argued this policy was too closely aligned with that of the United States and too antagonistic to Russia.

A draft bill for 12-months conscription already has passed the House of Commons.

Earlier today the ruling party's conference scaled down expressions of criticism against Bevin's actions, and voted a rebuff to Communism.

## The Lynching Problem

The lynching problem, contrary to a common impression, does not belong to the South. With few exceptions, the 48 states have a direct share in it too, and the attorney general of the United States says it belongs to the federal government.

Contrary to another common impression, lynching is not exclusively a problem in race relations. In the South and elsewhere, whites as well as Negroes have been lynched. It only happens that lynching is most common in the South as a manifestation of friction between uneducated Negroes and uneducated whites.

The lynching problem is, in other words, a problem of discipline. In most instances, the lynching victim has committed some crime. He has touched off inadvertently the fire of hatred always waiting to flame up between races that fear each other. One breakdown of discipline begets another breakdown—and the United States has another lynching incident to apologize for.

It is comfortable to blame the South, the whites, the Negroes, Congress, poverty, or anything which helps to conceal what really is to blame—a population whose breakdowns of conduct are unacceptably common, with lynchings only one part of the breakdown—and a minor part, compared with the staggering totals of other kinds of crime.

## They Asked For It

Despite the foremen's strike at the Ford plant, the company says production is continuing at normal. Company officials aren't sure how long it will continue but so far, they say, the absence of 3,800 supervisory employees hasn't hampered production a bit.

The foremen asked for it. They might have known that the moment they went out on strike every worker in the plant would redouble his efforts, to show that foremen aren't necessary.

## Who Cares?

If the budget cutters in Congress are keeping their ears to the ground (as good politicians are supposed to do) they are hearing nothing but rantings and ravings from disgruntled spenders and peevish minorities.

Who cares whether spending for the fiscal year that starts next July 1 is President Truman's figure of 37½ billion, the Republican figure of 31½ billion or a split difference? Will the public appreciate the effort to level off public spending at a total three times what it was only 10 years ago? Or will the people take out revenge on legislators refusing to believe that the spenders must be given everything they want? In a word, is it good politics to try to save public money in 1947, or is it what most Democrats say it is—political suicide to question the sanctity of a presidential budget?

There are many members of Congress who are wondering if anybody is interested any more in saving money. If you can think of someone, write your congressman.

## The National Game

We Americans think of baseball as our national game. We say it reflects our national spirit.

But reflecting a nation's spirit can be tricky. It can be tricky in the way a mirror is tricky; you see the things you don't like as well as the things you do like. . . . things like the fumbling search for and the apparent discovery of a high commissioner tailored to the specifications of a club owner whose cheap-jerk commercialism has shocked even his own employees; race discrimination; the antics of a big-league manager which caused him to be suspended, but now seem to qualify him for consideration as a bigger drawing card than ever; gamblers doing everything but coach at first base in some places, according to honest baseball men sick about the cutthroat air making the national game look like a brawl in an old-time pool hall. If this is the game that reflects a nation's spirit . . . Great jumping jeebs! Maybe it does!

## A Chore For a Chorler

The millhand in Pawtucket, R. I., who was arrested for "reveling" has had his \$450 fine refunded and his name expunged from police records, which should give him the last laugh.

The police chief said the man had a laugh that was funny the first time you heard it, but was disturbing thereafter. Merchants had complained that he was laughing in the business district when there was nothing to laugh about, not even the prices in the spring remnant sales.

Surely there must be a niche in one of the many curious byways of American civilization for this exponent of chuckle, chortle, snicker and guffaw. Perhaps a radio comedian could find a place for him in his claque. Or at least a college humor magazine might nominate him as Mr. Belly Laugh of 1947 and pose him laying a wreath on the grave of Joe Miller.

## Fiorello Is Piqued

Fiorello La Guardia is suing the National Home & Property Owners Foundation for \$100,000, charging it libeled him by calling him a Communist and a disciple of revolutionary doctrines. Mr. La Guardia's activities as chairman of the National Fair Rent Committee were the basis of a statement issued by the Foundation.

The court that hears this case will have a nice exercise in divining the meaning of meaning. What may be communism and revolutionary doctrines to the Foundation may be orderly operation of a government of the Center to Fiorello La Guardia, who, incidentally, has done his share of hurling dark impeachments.

munists of fascists. The last small bands of liberals and conservatives were laid low about 1933 by a barrage of epithets. A few lawsuits of this type might bring them back.

The Stars Say  
By GENEVIEVE KEMBLE  
For Tuesday, May 27

UNDER the stimulus of favorable lunar aspects, there should be a lively, productive and pleasant day, with much stirring in business, employment and new projects, in which enterprise and fresh techniques, ways and means, may be of importance. However, it might be possible to make mistakes of judgment or other errors, bringing down criticism or want of cooperation from those whose support is needed. Placate these, since the social instinct is strong, and good nature may break down antagonism. In purely personal relations there may be many pleasant and festive developments.

Those whose birthday it is may anticipate a year of enterprise, initiative and constructive operations, possibly in new propositions or projects. These promise success through the introduction of fresh ideas, new tactics or principles. These may demand prudence, sound judgment and practical plans, since errors or mistaken judgment may engender antagonism from those whose active cooperation is essential. Under strong sentimental and social urges much may be accomplished, particularly in romantic or family attachments, with festive and pleasant engagements.

A child born on this day may be endowed with practical skill and talents, with enterprise and initiative. Its social and romantic ties may also bring much happiness.

## A New Twist To Oliver Twist

## GUARDING YOUR HEALTH

## X-Ray Examination of Wrist Injury

BY HERMAN N. BUNDESEN, M.D.  
WRIST injuries are a frequent aftermath of falls and since elderly people are more subject to falls than are younger and more sure-footed individuals, accidents to the wrist are a special problem in this age group.

By far the most common injury to the wrist is a break or fracture. Thus, if you fall and hurt your wrist at all seriously, the chances are all against a mere sprain and all for an actual break. Many such breaks are overlooked, however, because the bone fragments are not usually thrown out of position.

If Severe Enough  
According to Dr. David Lloyd Griffiths of England, if a wrist injury is severe enough to cause a patient to seek the service of a physician, it is severe enough to require an X-ray examination. This X-ray examination should include plates taken from the side, from the top, and at an angle.

Of course injuries to the wrist may lead only to a sprain, that is stretching or tearing of ligaments and muscles. A severely sprained wrist is liable to be painful for a long time, particularly in an elderly person. For this reason, Dr. Griffiths advises that such sprains be treated much in the same way as a fracture, that is with a light plaster cast.

Fixing the wrist in such a cast gives the damaged tissues a chance for repair and may prevent the sprain from becoming chronic, that is, long continued. On the other hand, keeping the wrist in the cast too long is inadvisable since this may cause weakening and wasting of the muscle. As a rule, two to three weeks are long enough.

Of course a cast should be well fitting, comfortable, and not too tight. Otherwise pressure on the thin skin of an elderly person may lead to development of ulcers or sores. There should be no restrictions of the movements of the fingers. Strapping of the wrist with adhesive tape is not advisable since it may damage the skin without giving as much rest or support as a splint or plaster cast.

If the X-ray examination shows that a break in the bones has occurred, proper treatment should be carried out as soon as possible. This means that the broken bones must

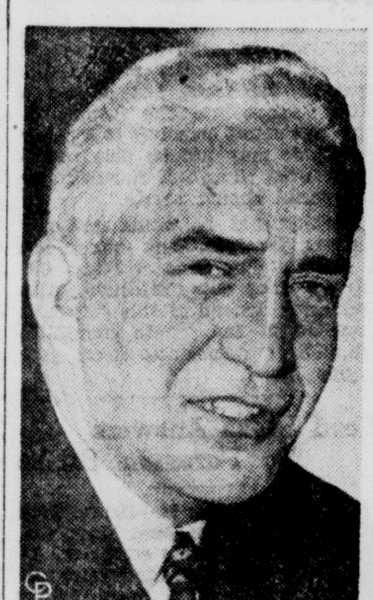

be put into proper position, by movement or manipulation while the patient is under anesthetic. Then the proper type of cast is put on and allowed to remain on until healing is complete.

Wrist injuries can never be neglected without risk of permanent deformities which will not only be unsightly but which will interfere with the use of the hand.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

## Joins College Faculty

ALLIANCE, May 25.—Jack C. Webb will join the faculty of Mount Union college in September as assistant professor in the department of economics. Dean Melvin W. Hyde announced today.

Webb comes to Mount Union to teach courses in accounting, money and banking, and corporation finance with an excellent combination of academic and practical training.

He is a graduate of Queen's university in Kingston, Ontario, where he received both a B. A. and a Bachelor of Commerce degree, and of the University of Chicago where he received his master's in business administration in his major field of accounting. He has taught for five years in public schools and has been employed in business for eight years.

## Delicious, He Says

ANN ARBOR, Mich.—Wildgrown skunk cabbage, wild onion bulb and pig weed are offered as daily menu suggestions by William C. Steere, University of Michigan botanist.

The professor, who hates the strict modern usage of garden-grown vegetables, adds that young shoots of nettles, dock and mustard seed would put some punch into the daily eating fare.

"They're delicious and nutritious," he said. "And free, too."

Earthquakes occur somewhere around the globe at the rate of about 8000 a year.

P - aminomethylbenzenesulfonamide is the name of one of the new sulfa drugs.

Here's spring driving just around the corner, and every highway and byway calling you to step out.

So how's that Buick of yours—all set? Has it all the pep and go it should have? Is it smooth and quiet as it can be?

It's a good time to have a thorough engine tune-up. And we mean a real Buick tune-up—the way the Buick manual says it's right—with 30 separate operations. It's competent attention by Buick men working with Buick tests and tools.

This is what makes all the difference between ordinary service and Buick car care. It's a difference that pays off in satisfaction, pleasant driving and longer car life.

Let us show you how it works. Drive in or give us a ring.

## McCartney-Niederhiser Vows Are Exchanged On Saturday

White and green tones prevailed in the artistic decorations when Miss Doris McCartney, daughter of Mr. and Mrs. Harry McCartney of R. D. Salem, was married to Virgil Niederhiser, son of Mrs. Ada Niederhiser of Canton, at 1:45 p. m. Saturday in the Christian church.

Bouquets of Madonna and calla lilies with ferns and palms banked a white archway, flanked by white lighted candles in tall seven branch candelabra, making a lovely setting for the double ring ceremony performed by Rev. C. F. Evans, pastor.

Mrs. Ruth Berry, church organist, played the musical prelude including, "I Love You Truly," "At Dawn," "O Promise Me," "Thru the Years," "The Lord's Prayer," "June," and "Prayer."

The bridal chorus from Lohengrin heralded the approach of the bride and Mendelssohn's wedding march was used for the recessional. During the service, Mrs. Berry played, "Ave Maria" and "Prayer Perfect."

### Shower Party Held For Mrs. Lewis

## Kit Is Career Girl's Friend

Completely outfitted cosmetic kit is a handy and efficient refresher for weary career girl at the end of an office day.

BY ALICIA HART

A CAREER girl's best friend-in-need is a good grooming kit. A kit stocked with the essential aids needed for a refurbishing job saves a girl from having to case an office for cosmetics when an unexpected date comes up. Moreover, it offers the wherewithal for making an office drab look fresh and vivid, no matter how wilding the

weather or how tough her day. For such needs, a new kit makes its debut stocked with a complete assortment of aids for a "pick-me-up" facial and beguiling make up job. In addition to cosmetics, there are cleansing tissues, cotton and a nylon comb. All aids are neatly regimented in a box which, complete with mirrored lid, fits into a desk drawer.

## Capture Armed Pair After Canton Holdup

(By Associated Press)  
CANTON, May 26—Two Youngstown ex-convicts today faced armed robbery charges after being captured by police yesterday in a wild gun battle which ended when their get-away automobile stalled on Baltimore & Ohio railroad tracks.  
Police also searched for a third gunman, who escaped down an alley with \$400 in loot after exchanging gunfire with two police squads.  
Robert A. Ignath, 24, and Henry A. Lipinski, 23, former inmates of the Minnesota state reformatory, were charged with armed robbery after their attempt to rob clubrooms of the local maintenance union of \$1,050 was partially foiled by a quick-thinking patron and prompt police action.  
Patrolman William Renz said a patron at the club slipped out a side door unnoticed, when the bandit trio pulled guns, herded 20 customers into another room and forced them to line up against a wall.  
Detectives quoted the captured gunmen as saying they stopped in several establishments between Youngstown and Canton for drinks while "looking for a place to rob."

## Route 42 Now Bears Rainbow Division Title

(By Associated Press)  
DELAWARE, May 26—U. S. Highway 42 from Cleveland to Cincinnati today bore the name of the famous 42nd (Rainbow) division. Ceremonies officially bestowing the name on the highway were attended here Sunday by more than 400 members of the division from the first and second world wars.  
State Highway Director Murray Shaffer presented the road to Maj. Gen. Robert S. Beightler, member of the division in World War I and commander of the 37th division in World War II. Gov. Thomas J. Herbert represented the people of the state at the dedication which was authorized by the Ohio legislature.  
A model marker was unveiled at the ceremonies. Markers are to be placed along the highway later.

## Farmers Urge Defense

DES MOINES, Ia.—More than three-fourths of American farmers believe the United States should continue making atomic bombs for defense, a survey by the magazine Successful Farming revealed.  
Only 18 per cent of those interviewed favor stopping bomb pro-

duction and destroying those already produced, the magazine said. The survey showed that the farmers interviewed believed atomic bomb secrets should be withheld from Russia.  
"Views of an overwhelming majority point out that Russia would not allow a United Nations committee to investigate her country, even if the United States did destroy its bombs and stop production," the magazine said.

## FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.  
Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.  
To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.  
Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.  
Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## MEMORIAL DAY MAY 30th

It is CIRCUMSTANCE that makes heroes. A test comes, a boy meets it gloriously and a grateful country learns his name. The pity is that thousands of tests are heroically met and supreme sacrifices made of which the world will never know because there were no witnesses to inform us.  
From this we learn that in spirit Americans are much the same, and that every life deserves commemoration. There is inspiring power in the deeds and thoughts of every person close to us. Their life becomes part of ours and we find from experience that there is no termination to the sustaining comfort and help that these lives afford.

# Akron East Edges Canton McKinley In District Meet Here

## Two Records Cracked, One Tied As Tough Field Vies In 21 Team Track Battles

Two records went by the boards and another was tied Saturday as Coach Cliff Casenheiser's Akron East track team captured the Northeastern Ohio district title by a 32 to 30½ edge over Canton McKinley at Reilly stadium before some 800 fans.

East finally edged McKinley out for the team title on the final event, the mile run. The Akron champs placed men in eight events, two of which were firsts, McKinley placed in six events.

J. V. Clifford of Canton McKinley, a Sophomore, set a new record in the 100-yard dash at 9.8 seconds, besting a record of 9.9 set by Switzer of East Palestine in 1932 and Allen of Akron West in 1935. He also equalled the 220-yard record of 22.3 seconds, set in 1945 by Jackson of Akron East.

Clifford's 12½ points, won in the 100, 220 and as a member of the half mile relay team, stole the high-point honors for the day.

Akron North, winner of the meet here in 1946, placed third with 22½ points. Canton Lehman had 19 and Warren 18½.

Other scoring teams included: East Palestine 16, Akron Garfield 13½, Boardman 12, Akron South 11, Louisville 9, Akron Buchtel 9, Salem 8, Niles 6, Campbell Memorial 5, Barberton 4½, Struthers 4½, Cuyahoga Falls 3 and Mentor 1.

Youngstown Raven, Girard, Akron Central and Ravenna failed to score.

Salem's points came on Bob Boone's first in the high jump with a leap of five feet 11½ inches and Bob Payer's 128-foot heave in the discus for a fourth.

Glenn Thorne, Salem's ace miler and considered at least second best in the field Saturday, had tough luck in his event, falling shortly after the start and injuring his left leg. He finished far out of the money.

One other record tumbled when Jackie Gibson of Akron Garfield stepped the 440 in 50.7 seconds, besting the 51-flat set by Patterson of Akron Buchtel in 1937.

All men who placed first through fourth will qualify for the state Class A meet at Columbus Friday and Saturday.

The complete results:

**SHOT PUT**—Hay, Niles, won; Austin, Canton McKinley, 2nd; Florita, Struthers, 3rd; Toney, Barberton, 4th; Fox, Canton McKinley, 5th. Distance 50 feet.

### Pager In Clinic, Will Be Out of State Meet

Although two Salem tracksters qualified for the state meet in Columbus this weekend, only one will attend, for Bob Payer, fourth place discus winner, is in the Central clinic recovering from an appendectomy.

Payer, star Salem basketball player, was taken to the hospital just a few hours after the district meet here Saturday and operated on early Sunday.

He is reported in good condition today by clinic attendants. Only Bob Boone, who won the high jump, will be in the state meet representing Salem.

### FULL FIELD DUE IN SPEEDWAY RUN AT INDIANAPOLIS

Trials Going On This Week For Classic of Roads On Memorial Day

(By Associated Press) INDIANAPOLIS, May 26—There seemed little doubt today that a full field of 33 cars would start in the annual 500-mile race Friday at the Indianapolis motor speedway, but only 12 of the 42 cars at the track had passed qualification trials.

With qualifications slowed by bad weather and the tardy settlement of the speedway's prize-money dispute with the American Society of Professional Automobile Racers, the management added a special four-hour qualification period today.

Trials for starting positions also will be held Wednesday.

Qualification runs Saturday and Sunday added five cars to the line-up. Bill Holland of Bridgeport, Conn., a first-time starter at the speedway but the American Automobile Association's leading dirt-track driver, turned in the best qualification time of the year Saturday.

He drove a new Blue Crown spark plug special at 128.756 miles an hour to earn the middle position in the third row of the starting lineup.

Sunday's qualifiers were: Ken Fowler, Dayton, O.; Jimmie Jackson, Indianapolis, Ind.; Frankhouse, Louisville, Ky.; and Roland Free, Los Angeles, ranking in that order.

Fowler's ten-mile average speed of 123.43 miles an hour won the day's \$500 qualification prize. He drove an old eight-cylinder Alfa Romeo entered by Don Lee, Inc., of Los Angeles.

Jackson averaged 122.266 miles an hour in the four-cylinder Offenhauser with which he won second money last year.

Frankhouse, a speedway newcomer, got a 119.932-mile-an-hour average in an Offenhauser previously driven here by Joe Thone and Short Kentland.

Free, who hasn't raced at the speedway since 1930, qualified at 119.526 miles an hour in an old eight-cylinder Miller-Hartz which Billy Arnold drove to victory in 1930.

### Rain Puts Stop Here To Sports Schedule

A rainy weekend washed out all the scheduled sports activity in this area, including a benefit polo game at the N. Ellsworth road field and a trio of ball games involving local teams.

The Salem Saxon softballers also were washed out Sunday in a scheduled Saxon loop game at Canton.

The polo and baseball activity will get in full swing Friday, Saturday and Sunday for the holiday weekend.

## Bricker Reportedly In Radio Business

WASHINGTON, May 26 — The communications commission is trying to get a date to consider applications for new radio station operations at Columbus, Ohio, one of them from Senator Bricker (R-Ohio).

An official said today, however, that it will be a long time before the hearing can be held—there are about 1,000 other requests on file.

Senator Bricker's application was filed in the name of Capitol Radio, Inc. The other request came from Heart of Ohio, Inc.

Officials said they are required to hold public hearings when two or more applications are in conflict as to frequency, power and time of operation.

Both Capitol Radio and Heart of Ohio request 660 kilocycles with one kilowatt power, daytime.

Senator Bricker, three times governor of Ohio, said his radio plans will not be affected by a bill to prohibit members of congress from operating broadcast stations. The bill was introduced by Senator McCarthy (R-Wis).

Bricker told a reporter that it would be just as reasonable to bar congressmen from farming or any other enterprise as to keep them out of the radio business.

## Klingensmith Heads Bowling Association

Mark Klingensmith was re-elected president of the Salem Bowling association, it was announced today, following a count of the ballots taken during bowling season.

Other officers elected are as follows: First vice president, Howard Dunbar of Columbiana; second vice president, William Hall; third vice president, John Galchick; fourth vice president, Glen Culler of Washingtonville; secretary-treasurer, Don R. Smith.

Albert Spear, Earl Grate, Merle Caldwell and Earl Richardson were elected directors of the association. More than 150 bowlers from Salem, Washingtonville, Leontonia and Columbiana attended the association's picnic Saturday afternoon and evening at the Saxon Country club.

Games were enjoyed by the group and a lunch served. An entertainment program was provided in the evening.

His address: S. Sgt. Rudie D. Ashman 15212909, 15-90th Weather station, A.P.O. 714, c/o Postmaster, San Francisco, Calif.

## EDUCATION SURVEY HITS TEACHER PAY

(By Associated Press)

COLUMBUS, May 26—An Ohio Education Association survey shows rural elementary teachers of the state now have an average salary of \$1,637 and one-fourth of them get less than \$1,454 a year.

In a statement yesterday, Walton B. Bliss, executive secretary, said the statewide average for all teachers is now \$2,181 compared with \$2,010 during the 1945-46 school year. The increase in the average was due largely to passage of local school levies, he declared, adding that some school boards operated "in the red" to retain qualified teachers.

Bliss declared the senate-passed version of the Daniels-Cramer school aid bill was "barely adequate" in solving the teacher salary problem. Recent slashes in the bill's provisions by the house education committee, he asserted, are "unjustified reductions which represent false economy."
